CREW MANAGEMENT

We offer complete and tailored crew management solutions for all vessel types—including main fleet, offshore units, cargo, container, tanker, and cruise ships—across global waters. Our services also extend to skilled divers for specialized underwater operations.

With efficient coordination between crew, ship owners, and managers, we ensure seamless operations at sea.

We specialize in deploying certified Indian and multinational crew, each selected based on STCW-2010 compliance, English proficiency, technical expertise, relevant experience, medical fitness, and professional integrity—fully aligned with IMO standards.

FLAG STATE DOCUMENTATION

Star Sea Management Pvt. Ltd. specializes in facilitating Flag State Endorsements for ship owners and managers, ensuring smooth and timely certification processes. With established connections across major flag administrations, we help clients secure both temporary and full-term certificates—eliminating delays and allowing uninterrupted vessel operations.

We provide reliable support for:

- **Panama (COC Renewal/Upgradation)**
- **Honduras (COC Renewal/Upgradation)**
- **Liberia (COC/COE Renewal/Upgradation)**
- **Antigua & Barbuda (Caribbean)**
- **St. Vincent & the Grenadines**
- **United Arab Emirates**
- **Marshall Islands**
- **Other Flags: Palau, St. Kitts, Singapore, and more**

RPSL SERVICES

Star Sea Management Pvt. Ltd. is an RPSL-approved (POE) company, licensed by the Government of India to recruit and deploy Indian seafarers on foreign-flagged vessels.

We ensure complete compliance with DG Shipping regulations, handling contracts, documentation, medicals, insurance, and travel arrangements.

Whether it's fresh recruitment or rejoining of existing crew (X-crew) on rotational terms, we provide seamless, end-to-end support to shipowners and seafarers—built on a foundation of legal integrity, ethical practices, and full operational transparency.

TECHNICAL MANAGEMENT

We provide a comprehensive range of technical services to ensure safe, efficient, and compliant vessel operations worldwide. Our offerings include:

- Assistance with Planned Maintenance Systems (PMS)
- Supervision during dry docking and repairs
- Condition monitoring and onboard machinery troubleshooting
- Spare parts supply and logistics coordination
- Technical inspections and compliance audits
- Support in implementing the ISM Code (Safety Management Systems)
- Energy efficiency monitoring and performance tracking
- Voyage data analysis for operational optimization

SHIP SUPPLY

Star Sea Management Pvt. Ltd. offers reliable and timely ship supply solutions tailored to the needs of all vessel types.

Our services include the provision of bonded stores, technical equipment, cabin essentials, machinery, spare parts, safety gear, and crew coveralls.

Backed by a robust supply network and deep industry knowledge, we ensure uninterrupted vessel operations. From critical machinery to everyday consumables, we deliver across Indian ports and international locations—with speed, precision, and cost efficiency.

REFURBISHED MACHINERY

Star Sea Management Pvt. Ltd. specializes in providing high-quality refurbished marine machinery and equipment for all types of vessels.

From main engines to auxiliary systems, each unit is thoroughly inspected, tested, and restored to ensure reliable performance. Our cost-effective solutions help shipowners maintain operational safety, efficiency, and compliance—while significantly reducing maintenance and replacement costs.
